SPRING BIRDWATCHING TOUR (12 DAYS)

Day 1

Arrival at the Sofia Airport and transfer to the hotel in Vitosha Mountain. After accommodation in the hotel we will go birdwatching in the more than 100 year-old forest. *Common Crossbill, Coal Tit, Goldcrest, Firecrest, Nutcracker, Black Woodpecker, Pallid Swift.*

Day 2

After breakfast we will travel to the South part of Bulgaria. We will spend the time exploring the Kresna Gorge and the Struma River Valley. This gorge is a part of the famous bird migratory corridor called Via Aristotelis. In Tissata natural reserve, a landscape with predominantly Mediterranean Flora we can observe many birds, and especially *Rock and Blue Rock Thrushes, Somber Tit, Red-rumped Swallow, Syrian Woodpecker, Barred, Subalpine and Orphean Warblers, Lesser Grey, Red-backed and Woodchat Shrikes* and many other species.

Late in the afternoon we will arrive in the town of Melnik. Melnik is a picturesque historic village famous for its locally produced wines. Overnight in a hotel – architectural museum.

Day 3

On this day we will cross the Mountain of Pirin. In the middle of the day we will arrive at the Rodope Mountain. We will stop to observe *Black Woodpecker, Crested Tit* and many other birds. Late in the afternoon we will arrive at our hotel close to the the Trigrad Gorge. Accommodation, diner and overnight in a local hotel.

Day 4

After breakfast we will visit the famous Trigrad Gorge. This spectacular gorge is one of the best places to watch the *Wallcreeper* in Europe. We can observe also *Peregrine Falcon, Golden Eagle, Pallid and Alpine Swifts, Crag Martin* etc. In the afternoon we will continue our tour along the Rodope Mountains. We will make a several stops for birdwatching. Late in the afternoon we will arrive in our hotel close to the Studen Kladenetz Dam. We will spend two nights there.

Day 5

Early in the morning we will go to the region with the unique breeding colony of *Griffon vulture* in Bulgaria. We will visit also the feeding place when we can observe *Egyptian and Black Vultures, Golden and Imperial Eagles, Long – legged Buzzard, Levant Sparrowhawk, Black Stork, Rock Nuthatch, Subalpine, Orphean and Sardinian Warblers, Somber Tit* and many other birds. In the afternoon we will visit the Krumovitzta River Valley. In this very interesting valley we can observe *Egyptian and Griffon vultures, Black Stork, Stone Curlew, black-headed bunting, Bee-eater, Roller, Golden Oriole, Rock Nuthatch, Red-rumped swallow, Somber Tit, Masked and Lesser Grey Shrikes* etc. Late in the afternoon we will return to our hotel.

Day 6

On this day after breakfast we will make a long transfer to the Black Sea coast. We will stop at several places for birdwatching. We will cross the Mountains of Sakar and Strandja – the largest Natural Park in Bulgaria. We can observe many birds and especially *Lesser Spotted Eagle, Short-toed Eagle, Montagu's Harrier, Booted Eagle, Black Kite, Olive-tree Warbler, Masked and Woodchat Shrikes, Isabelline Wheatear, Black – headed Bunting, Spanish Sparrow* etc. Late in the afternoon we will arrive in a small and comfortable hotel near to the Black Sea Cost. We will spend two nights there.

SPRING BIRDWATCHING TOUR (12 DAYS)

Day 7

After breakfast we will visit the lakes around Burgas – Mandra and Atanassovo. On these lakes we can observe many birds and especially *White-tailed Eagle*, *Lesser spotted Eagle*, *Honey Buzzard*, *Short – toed* and *Booted Eagles*, *Goshawk*, *Marsh Harrier*, *Pygmy Cormorant*, *Squacco*, *Night*, *Purple and Grey Herons*, *Little and Great Egrets*, *Spoonbill*, *Glossy Ibis*, etc. In the afternoon we will visit the Ropotamo River reserve. In this reserve we can observe many water birds, *Woodpeckers*, *Short-toed Treecreeper*, etc. Late in the afternoon we will return to our hotel.

Day 8

On this day we will continue our tour with a transfer to the north part of the Black Sea coast. We will stop on the Pomorie Lake. At this place we can observe *Avocet*, *Shelduck*, *Sandwich* and *Little Terns* and many other birds. After lunch in an open-air restaurant we will stop for birdwatching in Goritza forest. In this place we can observe *Semi-collared Flycatcher*, *Woodpeckers*, etc. Late in the afternoon we will arrive at our hotel on the Black Sea coast. We will spend there two nights.

Day 9

We will visit the lakes Durankulak and Shabla – the wintering places for the world population of Red-breasted Goose. We can observe many birds and especially *Red-footed falcon*, *Red-necked Grebe*, *Little Bittern*, *Whiskered and White-winged Terns*, *Collared Pratincole*, *Paddyfield Warbler*, *Pied Wheatear*, etc. After a lunch in a local fish restaurant on the board of the lake we will go birdwatching on the steppe. We will visit a breeding place of the *Eagle Owl*. If we are lucky we can observe the *Pallid Harrier* a very rare breeding bird on the steppe. We will observe a *Peregrine Falcon*, *Red-footed Falcon*, *Mediterranean Shearwater*, Mediterranean race of *European Shag*, *Rose-coloured Starling*, *Calandra* and *Short-toed Larks* and many other birds. Late in the afternoon we will return to the hotel for a second overnight.

Day 10

On this day we will go to the region of Dobrudja – the unique preserved natural steppe in Bulgaria. We will visit the biosphere reserve “Srebarna” a site included in the UNESCO World Heritage Sites. We can observe the colony of endangered *Dalmatian Pelican*, *Ruddy Shelduck*, *Red-necked Grebe*, *Squacco Heron*, *Whiskered Tern*, *Lesser Spotted Eagle*, *Black Kite*, *Marsh Harrier* and if we are lucky *White-tailed Eagle*, etc. Picnic lunch. After a short transfer we will stop to a typical Danube Valley Marshes. We can observe *Black-necked Grebe*, *Pygmy Cormorant*, *Little Bittern*, *Penduline Tit*, *Bearded Reedling*, etc. Late in the afternoon we will arrive to our hotel in the region of Russenski Lom Natural Park.

Day 11

After breakfast we will visit the Russenski Lom Natural Park – a beautiful valley with many rock monasteries and rock cliffs. There we can observe *Lesser-spotted Eagle*, *Long-Legged Buzzard*, *Black Stork*, *Hoopoe*, *Somber Tit* and many woodpeckers. Late in the afternoon, after many stops for birdwatching we will arrive to an ancient historical small village. Overnight in a hotel – typical Bulgarian house from XVIII century.
